The above picture is a reminder to us, the so-called admirers of William Jen-
ing Bryan, that we have here on a beautiful hill overlooking the scene of our hero’s
last battle, a monument started in good faith and retared because of uncontrollable economic
depression, a monument, or rather a foundation of a monument that will, unless a national united effort is made to cause its completion, stand through years
and possibly centuries to come. It is an insult to the Commoner and the principles for
which he nobly gave his life.

One dollar each from the mighty army that once stood firmly behind the fallen
warrior would complete the monument, which is after all not to be a heap of expres-
sionless stone, but a school, where boys and girls will be given the opportunity to
acquire a college education in an institution founded on Faith in God.

U. T. OFFICIALS INSPECT BRYAN

Dean Hamer and Dr. Thomas
Visit on March 14

That the Tennessee Valley Au-

thority has already made progress
in its war on illiteracy in the Val-
ey was shown by Dr. Thomas, regis-
terator of the University of Tennessee, in a talk made here on
Wednesday, March 14. He showed from figures in the TVA’s report
that students are remaining in school longer than they did, even as near as
five years ago.

In his only 25% of the students
were freshmen; they were
40% of the total attendance in 1929. Today 17% of the Sen-
ior Class, compared to 12% five
years ago. The greatest barometer
of the rising trend to finish one’s
education can do for you is to get through it in your right propor-
tions emphasized Dr. Thomas.

Dr. Hamer and Dr. Thomas
inspected dormitories, laborator-
ies, offices, and sat in on classes
during the day as Bryan. The pur-
pose of the visit was to ascertain
whether or not Bryan University
will continue.

sellor. Her former home is in Norwich, Con-

necticut.

Mrs. Hurlburt arrived in Day-
ton on Saturday, Feb. 24, and was
offered the greatest body the following Monday and the

Of special interest is it to

know that our new counsellor has long

Christianity, having been a per-

sonal friend of the late Dr. Goo-

don for 40 years.

BRO. LEE MANSFIELD,
OF WACO, TEXAS, SPEAKS

An interesting speaker was
Bro. Lee Mansfield, a former pas-
tor in Fort Smith, Ark., and now of
Cedar Hill Dormitory.

He arrived here on Monday, Feb.

13. Taking his text from the 39th
day, he began by telling the crowd
that the picture of the Bible in his
field brought the message, using the
act, the rabbit, the locust and
grains on East Sunday, and on
the first Sundays of May and
September Bryan, that we have here on a beautiful hill overlooking the scene of our hero’s
last battle, a monument started in good faith and retared because of uncontrollable economic
depression, a monument, or rather a foundation of a monument that will, unless a national united effort is made to cause its completion, stand through years

GRACE LIVINGSTON HILL ARRIVES MONDAY

Noted Christian Author to
Speak At Opening Exercise of Spring Quarter

As the speaker for the opening
chapel program in the Spring Quarter, Acting Pres. Rudd has
announced that Mrs. Grace Liv-
ingston Hill Linz, well-known Christian writer, will be with us.

Mrs. Lutz, better known by her
pen-name of Grace Livingston
Hill, is to arrive Monday, and will
speak in the Rhea High Auditor-
ium Monday afternoon and Bryan
High School Tuesday afternoon.

We looked forward quite a
while to her visit, and feel pro-
duced to be present. We cannot
imagine who has such a Chris-

Christian influence in the realm of
religion, Christ is grieving.

In putting “The Life of Our
Lord,” Prof. Ryther, head of the
English department of the
University, said, “It is interesting
true in regard to the students here
in our institution.

The activities of the quartet as
representatives are designed to bring the work
and purpose of the Universe before
the many friends and sub-
jects who are interested in its
welfare. It is of interest to note
that the last broadcast of the
Cantata was heard in Kansas, Penn.
and by many other friends of the
institution.

The Quartet is to have the pri-
ings of singing again in pro-
grams on Easter Sunday, and on
the first Sundays of May and
September.

On Monday, April 3, the Quar-
tet will conduct the channel pro-
gram of the Sale Creek High
School. On the following Sunday
morning they will sing at the Bap-
tist Church, and also at the Rhea
County Singing Convention, at Spring City.

CHICAGO LEADER SPEAKS IN JOURNEY-RHEA HIGH CHAPEL SERVICE

On Thursday morning, Feb. 15, the Rev. Ernest M. Waddow, leader of the Great Commission Prayer League, spoke in the Rhea High auditorium to both Rhea High and Bryan Students and fac-
ulty.

After reading from his scarlet-
covered Bible the passage, 2 Kings
6:1-7, Rev. Waddow told the condition of the church in the world today.

He explained that we do not have the supernatural power of God in our churches today be-
cause there is not an outpouring of the leading of God. “While we are going through the formalities of religious services, we are not following the will of God.

In lamenship the worldliness of present-day churches, he gave the
definition for one such: “A world-

ly church is one that is made up
of people who add church-going
as a hobby. He told the possibility of a revival today, saying, “A revi-

val begins first, with one man—a man who is

involved with the religious life of his people. Among several illustrations, Rev. Waddow told of how Wil-
liam Jennings Bryan was led to devotion of his heart to Christ as a cause of fundamental Christianity. He made this decision—which he put in the Menses as the first object of his last years—dur-
ing a period of prayer, at 2 a.m., in the home of J. H. Miller, a buffalo pastor, some 30 years ago.

BACALAUREATE SPEAKER

Students and friends of Bryan University will be pleased to learn that Dr. William H. Wrighton, of the School of Theology, has consented to deliver the Baccalaureate Sermon for the graduating class of Bryan University.

Dr. Wrighton has received degrees of B. A. and D. D. from Central University and his M. A. from Union Theological Seminary, in Louisville, Ky., and has been a member of the faculty of that institution for the last ten years. A student of culture, outstanding in the field of his work, Dr. Wrighton is the type of man whose friendship all those who know him feel secure in having. Of interest to Bryan students is the fact that he is a personal friend of Dr. Curran and Prof. Ryther.

It is apropos that this feature of the first Commencement should be a message by a clergyman, for the neighboring state has been a factor in the lives of our faculty, two of its members holding degrees from the University of Georgia, and three having been educated in the state.

Welcome by board of trustees with a pleasure to hearing Dr. Wrighton as he brings a message at this memorable time, beginning Commencement Week for the graduates of William Jennings Bryan University.

SARA TESADALE DISCUSSED UNIVERSITY LIFE

Under the direction of Miss Mary Lolo Hodges, the Gamma Omega Chapter of the English Literary Society met Monday evening, Feb. 19, to discuss the work of the faculty, of the Shimper and the work of the late poetess, Sara Tesaide.

In giving a talk on her life, Ena McWorrter, who graduated in 1910 as "Miss Tesaide," probably because he had for only a few minutes to live, was resed on by Miss Hodges, Miss Hodges, and Miss Hodges.

The latter also gave a talk explanation of the book, "The World of the Late Poetess, Sara Tesaide."

Prof. Montgomery, the faculty advisor, indicated that she had just talked at the conclusion of the hour.

BRYAN INVITED TO TOUR CHATTANOOGA PARKS

Mr. Campbell, of the Federal Park Service of the Chattanooga Area, was in Dayton recently to extend an invitation to Bryan University a wedding to inspect Chickamauga and other national parks in the vicinity.

Mr. Ryther says he hopes that many students will be able to avail themselves of this free guide service, which was established there only in January.

PRAIRIE MEETING IN CHAPEL

Setting aside temporarily the vapors of having student workers for the Saturday morning chapel hour, Pres. Rudd took charge last Saturday to bring a message which has long been on his heart, in which he has had a profound understanding and more love in the message.

After the talk, over half an hour was spent by students and faculty in chit-chatting over the matter together.

On the previous Sunday, Ralph E. Toller spoke to a group similar meeting at the Spring City Baptist Church on the subject, "Christian Reigning in Our Lives."

PRESIDENT RUDD GIVES ENCOURAGEMENT TO UNIVERSITY GROUP

In commenting on the first four years of history for Bryan University, President Rudd affirmed a thought that has been current for some time in the student body when he declared: "If we ever get a chance, perhaps next year, our first chance since the war, we should have been loose entirely now."

Speaking further along this line during his talk, which was in charge of the Professor Monday morning, he cautioned his listeners, "We understand the work done at Bryan University in Dayton, Tennessee, in closing."

Professor Rudd told of the support that Bryan is giving all over the United States. One Ohio man, he said, wrote that he had Bryan on his prayer list, Mr. Rudd told of a recent letter from a York state pastor, written on stationery that bore this message in the upper left corner: "We understand the work done at Bryan University in Dayton, Tennessee, in closing."

Prof. Rudd said the blessing of God in keeping us as a people, who have done for us to grow too fast.

MAN'S FIVE SERVANTS

When one has a cold nothing seems to taste right. The wife may have done her best with the apple pie, the mashed potatoes may be as fluffy and smooth as your desire, but it just doesn't taste right.

There's a simple reason for it. A cold obstructs what scientists call the olfactory mechanism, located in a little niche in the skull just above and behind the nose.

The senses of taste and smell are so closely linked it is almost impossible to say, sometimes which is which, sugary and salt are exceptions. We cannot detect them by smelling as a rule.

Take your nose out for a walk one fine day. As you pass the grocery store, the meat market, the hotel, the bakery and the book store, note how your memory and your taste are helped by the sense of smell. Each place of business has its distinctive odor. Every human being has five sense organs.

They are sight, hearing, touch, taste and smell. To learn to turn them all with intelligence.
